MINISTRY OF COMMERCE AND INDUSTRY

RESOLUTION

TARIFFS

New Delhi, the 22nd August, 1953

No. 35(1)-T.B./53.—The Tariff Commission has submitted its report on the continuance of protection to the Wood Screw Industry. Its recommendations on the basis of an enquiry undertaken by it under Section 11 (e) read with Sections 13 and 15 of the Tariff Commission Act, 1951, are as follows:—

- (i) Protection at the present rate of duty, namely, 31½ per cent. *ad valorem* should be continued for a period of 4 years i.e., upto 31st December, 1957.
- (ii) So long as the policy of licensing imports has to be continued for balance of payments considerations, the desirability of maintaining and expanding indigenous production of wood screws should be kept in view and the quantum of imports regulated accordingly.
- (iii) Government should sympathetically consider the possibility of granting licenses for imports of wood screws on the basis of quantity and not value of the best years' imports.
- (iv) Government should ask the indigenous producers of steel wire to produce wire of the requisite specifications and supply it to the wood screw industry.
- (v) Government should examine the practicability of increasing the allotment of steel wire after taking into consideration the indigenous demand and the annual rated capacity of the industry.
- (vi) Government Departments should as far as possible obtain the requirements of wood screws from indigenous producers provided the quality is satisfactory and the price reasonable.
- (vii) The Central and State Governments concerned should give adequate supply of electrical power to the producers of wood screws.
- (viii) There does not appear to be any need for establishing new units but nothing should be done to prevent the expansion and modernisation of the existing units.

2. As regards recommendation (1), Government agree that the protection should be continued for a further period of four years but as regards the quantum of protection, Government have decided, in consultation with the Tariff Commission, that the rate of protective duty should be fixed at 31½ per cent. *ad valorem* or 5 as. per gross, whichever is higher.

3. Government accept recommendations (ii) to (viii) of the Tariff Commission and necessary steps will be taken to implement them as far as possible.

L. K. JHA, Joint Secy.
